2. Besides the mentioned two units a new air force unit was quartered in the casernes on 8 December 1949. The unit, 300 to 400 officers and EM, arrived in late November 1949. The EM seemed to be recruits serving for one year. The hangars were closed. The parked biplanes and the daily flying of one plane were no longer observed. About 100 air force soldiers were practicing on the obstacle course. A new garage was being built near the caserne entrance and the wall was being heightened.
